EDUCATION

Herald College Kathmandu Kathmandu)

Computer Science
Feb, 2021 - May, 2024

PROJECTS

Child Vaccination System(PHP)

Developed a website to streamline the vaccination process, featuring child registration and management, vaccine history tracking, data visualization, digital vaccine cards, and automated SMS reminders. https://github.com/MeSabin/Child-Vaccination-System

School Management System(PHP Laravel)

Ongoing project on an educational management platform where administrators manage teacher roles, classes, and subjects, send notifications, and assign tasks. Teachers handle class assignments, student info, and grading. Students view schedules, subjects, assignments, grades, and chat with teachers. It streamlines administration and communication. https://github.com/MeSabin/School-Management-System

Skills

Web Development(HTML,CSS,javascript), Data Structures and Algorithm, MySQL, PHP/Laravel, Tailwind, Object Oriented Programming
